

CLASSIFICATION & REQUIRED FIGURES

Listed below are the primary establishment types (classifications) for ABC licenses. From the first column, choose the establishment type (classification) that corresponds to your business. Following across to the second column, provide ABC with a recent month's inventory (cost) figure and a recent month's sales figure (not including sales tax) for each listed category corresponding to the type of establishment you chose.

Estimated figures are accepted from new businesses only; otherwise, actual figures are required.
